

# Become a Certified Practicing Project Practitioner, Project Manager or Project Director

**PM Practice** is a specialist consultancy, supporting RegPM Candidates as they prepare their portfolio of evidence and assessment record book to meet AIPMs requirements; this is followed by an interview based on the material.

On successful completion, the **PM Practice AIPM Registered Assessor** recommends a relevant certification which is issued by the **AIPM**. Certification depends on your role, portfolio of evidence and experience, as follows:

- **Project Team Members** – Certified Practicing Project Practitioner (**CPPP**)
- **Project Managers** – Certified Practicing Project Manager (**CPPM**)
- **Project Directors and Program Managers** – Certified Practicing Project Director (**CPPD**)

**Contact PM Practice today to be AIPM RegPM Assessed**
